Stephanie/Scott:

Attached is a submission of validated and raw data collected pursuant to the Background Benthic Survey QAPP Addendum (sediment data) that accompanies the CPG LPRSA Monthly Progress Report # 69 provided under separate cover.

This submission includes two files: a validated data zip archive file; and a zip file of unvalidated laboratory EDDs received from the participating laboratories during January 2013 and they have not yet been checked for consistency with the Region 2 MEDD criteria.

Please note that the attached zipped data files have been provided as a "ZZP" file and the file extension should be re-named "zip" to open it (in the event EPA's e-mail system rejects this type of file).
